

New Power by Contact[®] compact cableless charging solution

Paris, France - December 21st, 2022

energysquare proudly presents its brand-new **compact** Transmitter (TX) and Receiver (RX) system, featuring all the latest improvements of PbC technology. The compact TX has smaller tiles and can be folded to a pocket size to be easily

transportable. The compact RX is consequently smaller, and fits inside a small type C dongle, easier to install and remove than previous dongles. It brings **cableless charging** to most USB type-C notebooks.

Specifications :

 **100W** power

 **Full** USB PD

 **97%** efficiency

PbC made **simpler, smaller and better**
